Take dust and prepare a groomed
Appearance

It's one of the hospitality to prepare a groomed appearance.

Make comfortable for your customers.
Hospitality

Hotel, Lobby, Lounge, Restaurant and Cafe etc.

Even cleaning every morning garbage and dust gather in places where people gather. When to notice it, quickly take it out and make a comfortable. It's one of the hospitality to make all the places beautiful that welcome customers pleasant.

Development Story

When I was relaxing at the cafe, small trash was falling on the floor. Shop staffs didn't notice. Would be more pleasant without small trash. If there is a heart of "hospitality" for everybody, awareness of working changes, small trash will soon disappear.

"Make beautiful Japan with a hospitality! Make comfortable!" This concept made "Peta clean". Not just a cleaning tool to provide "service". It is an item for realizing "hospitality".

Available to print your favorite symbols / Corporate logo, etc. For your original goods and novelty.
